- **BACKEND** - Java,Sql

PROJECTS

Portfolio | Html,Css,Boostrap,JavaScript   **2024**
- The portfolio website is built using HTML, CSS, JavaScript, and React.Js. It provides a comprehensive showcase of my work and skills.

WeatherApp | Html,Css,Boostrap,Javasricpt   **2024**
- Build a weather forecast web app that uses a third-party API to fetch real-time weather data. Users can input a city name, and the app will display the current temperature, weather condition, and a 5-day forecast

Tip calculator | Html,Css,Javasricpt   **2024**
- Develop a simple tip calculator where users can input the bill amount and select the percentage they'd like to tip. The app will calculate and display the total amount including the tip.

RESPONSIBILITIES

Group Leader, Department of B.C.A In my capacity as group leader of the Social Development group, I offer strategic leadership by steering the group's vision and objectives to align with institutional goals. Furthermore, I oversee curriculum management, actively developing and updating systems, and ensure the group's members' learning experiences.
